

Excellent! PTV Transport Consult once again acknowledged as one of the top consultancies in Germany

Brand eins and Statista honored PTV as one of the best consulting firms in the field of traffic, transport and logistics

Karlsruhe, Germany, 24/03/2020. Together with the business magazine *brand eins*, the statistics portal Statista conducted an independent analysis to determine the best consulting firms in Germany. PTV Transport Consult GmbH has once again made it onto the list of “Best Consultants”, showcasing outstanding expertise in the fields of traffic, transport and logistics.

The current report brings greater transparency to the business consulting industry. The market researchers analyzed hundreds of companies in terms of their specific expertise and methodological competence.

"For more than four decades, PTV has been committed to sustainable and future-proof mobility. With our consulting services, we support companies in developing the best solution for their specific needs and in implementing individual concepts. We are very pleased that our work has been honored with this seal of quality for years," says Thomas Ferrero, CEO of PTV Transport Consult.

The company, with around 100 employees from various disciplines, plans and optimizes all modes of transport – both at its headquarters in Karlsruhe and its local offices in Berlin, Dresden, Düsseldorf, Munich and Stuttgart. Its customers include cities and municipalities of all sizes, ministries, transport operators, mobility providers, consultants and other market participants. PTV Transport Consult's wide range of services includes transport planning and traffic engineering, traffic management, road safety management, safety and protection of infrastructure, transport economics, public transport planning as well as passenger surveys and revenue allocation.

PTV. The Mind of Movement.

PTV Group takes a holistic approach that integrates all aspects of traffic, transport and logistics to create and promote sustainable mobility. Recognized as global market leader, PTV develops intelligent software solutions for transport logistics, transport planning and traffic management. Thus cities, companies and people save time and money, enhance road safety and minimize the impact on the environment. Based on its unique expertise in every facet of mobility, PTV ensures that people and goods arrive at their destinations safe and sound, and on time.

More than 2,500 cities deploy PTV products. Trips and routes for over one million vehicles are planned with our software. The European transport model, which encompasses all passenger transport and freight movements in Europe, is developed using PTV software. We currently have approx. 900 colleagues worldwide committed to driving the high performance of our products. The company's headquarters located in the heart of the Karlsruhe technology region houses its center of development and innovation. From here, PTV plans and optimizes everything that moves people and goods worldwide – it's the idea which has accompanied the Group since its foundation in 1979.

The German company PTV Planung Transport Verkehr AG is a member of PTV Group. www.ptvgroup.com.
